Mamata Machinery Secures Maiden Export Order for 9-Layer Blown Film Plant From a Latin American Customer

Ahmedabad, India – August 07, 2025: Mamata Machinery Limited ('Mamata' or 'the Company'), a leading machinery solution provider in the flexible packaging industry, is pleased to announce that it has secured its first export order for its state-of-the-art 9-layer blown film plant under its Co-Extrusion product segment. The order, valued at ~₹8.5 Crore, has been placed by a new customer based in Latin America. This follows last week's announcement of Mamata's first-ever order for a 9-layer blown film plant from an Indian customer.

This advanced 9-layer blown film plant will be commissioned to produce high barrier films, catering to critical food packaging applications that require enhanced product protection and extended shelf life. Delivery of this order is scheduled for Q3FY27.

Recent orders underscores Mamata's strong positioning in the high-end Co-Extrusion segment and validate its reputation as a preferred partner for customized, innovative, and niche Co-Extrusion solutions. This strategic customer win in Latin America further strengthens Mamata's international presence.

About the Company:

Mamata Machinery Limited is a leading global provider of total flexible packaging machinery solutions, offering a comprehensive range of products across the value-chain, from co-extrusion to converting and advanced packaging machinery. With over 35 years of industry experience, Mamata has established itself as a trusted engineering enterprise, boasting more than 5,000 machine installations in 80 countries worldwide. The Company is renowned for its consistent innovation and numerous industry-first product introductions, delivering cutting-edge solutions that address the evolving needs of the flexible packaging sector. Mamata's commitment to technology, quality, and customer-centric design has made it a preferred partner for businesses seeking reliable and efficient flexible packaging solutions on a global scale.
